CAMPUS WATCH

Safety is everyone's responsibility

What can you do? Campus Watch counts on students, faculty and staff to organize themselves and work with PCC Campus Police to keep a trained eye and ear on their college campus, while demonstrating their presence at all times. Campus Watch works because it reduces opportunities for crime to occur and doesn't rely on altering or changing the criminal's behavior or motivation

Be Aware... PCC Campus Police and the Division of Student Development Services invite all students, faculty and staff to partner in a PCC Campus Watch Program with an emphasis on crime prevention, warning signs, emergency preparedness and response systems. While many faculty and staff are excellent about contacting the Campus Police to report suspicious activities/persons, this program is designed to enlist more eyes and ears for a safer campus.

If You See It – REPORT IT. Campus Police – First choice for reporting suspicious persons/activities 493-7777. Put that telephone number in your cell phone and faculty/staff keep this number near your office phone.

Student Government Association and ALL campus clubs/organizations to assist with the PCC Watch Program. Campus Police will offer workshops for faculty/staff and student clubs/organizations on the PCC Campus Watch Program – call today to schedule a Campus Watch presentation at your next meeting.
